Wine Country This Week

For more than four decades the Flamingo Resort Hotel in Santa Rosa has been lauded by travelers as the most unique resort destination in the Wine Country. Over all those years, the Flamingo, its owner and staff have perfected the art of welcoming and pampering visitors. Whether the trip is for business or pleasure the Flamingo fills the bill on all levels.

Renowned for its expansive 13,000-square-foot meeting space, conference groups of six hundred can be seated comfortably for presentations, and break-out rooms are available just across the lobby. The banquet room, with permanent stage and dance floor, is also ideal for weddings and receptions and a popular gathering spot for organizations celebrating special events.

The Flamingo's 170 Country King guest rooms and two-room suites feature all the amenities: coffee maker, iron, ironing board, refrigerator, hair dryer and the fluffiest towels ever hung on a bathroom rack

An exciting part of the Flamingo is the Montecito Heights Health and Racquet Club and Spa in the executive wing. Both are open to public membership as well as serving the desires of resort guests. Because the attractive Spa is just steps away, it is easy to transition from exercise to relaxation with hydrotherapy, facials, massage, pedicures and manicures.

Completing the picture at this ideal resort hotel is a popular cabaret lounge, and the Terrace Grille restaurant which offers memorable meals that draw guests back time and again.

The Grille serves breakfast, lunch and dinner, and an outstanding buffet brunch each Sunday. There is a special child's menu and a carefully assembled wine list and by the glass selection.
